

The Ninja Nerds

Two Dates From Diary Of Sara Marsh

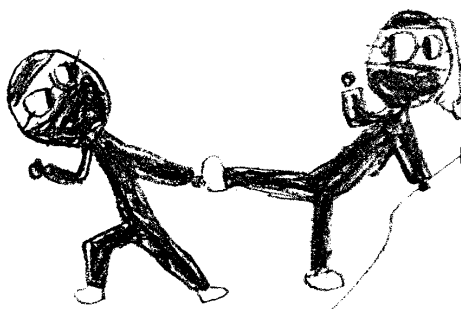

November 11, 2011

Nolan is just like me! We could be best friends. I'm not sure if I told you that I have a crush on him. Anyway we could really be friends. He invited me over to finish homework so I'm at his house right now. Nolan helped me with science, and I helped him with math. I forgot to mention I had lunch with him. He is so nerdy and cute (that was a compliment). I'll talk to him some more.

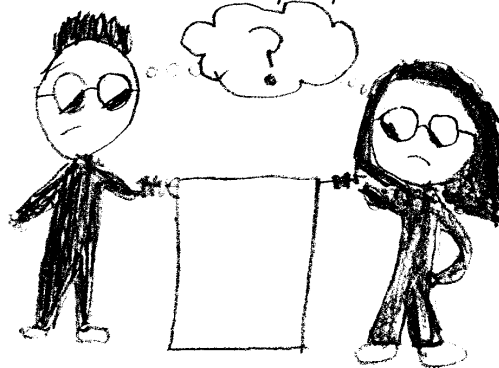

Later.....

OH MY GOSH! I HURT MY SECRET CRUSH (though I didn't recognize him in his suit. Note to self: tell Nolan NOT to wear black)!!!!!! It turns out I'm not the only ninja nerd on earth. Anyway..... I should help Nolan

NOW!!!!!!

2 minutes later.....

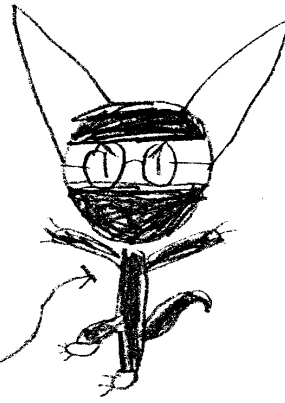

There was no real damage. Phew. Now since we're allies, we read a scroll I was guarding. "Be awesome and be nerdy."? I didn't get it at first, but I do now. I asked Nolan at the time. He didn't get it either. Well, I should get home.

Late tonight, Nolan will come over to train with me. Hagsaki Paw, my mentor, approves of us being friends. Nolan says Book Snake, his mentor in martial arts, agrees. Maybe we'll train together again. Oh, come on nighttime. Hurry up!
